WORK EXPERIENCE

Self-Initiated Projects and Academic Engagement (Ongoing)

Although I have not yet had the opportunity to complete a formal internship, I have been actively developing my skills through academic projects and personal research, particularly in the fields of **cybersecurity** and **artificial intelligence**. I consistently explore emerging technologies, participate in online courses, and work on hands-on projects to deepen my understanding and practical knowledge. My proactive approach reflects a strong commitment to continuous learning and a passion for applying theoretical concepts to real-world problems.
